Dec 2017- Feb 2018 • Books & Bytes

WINTER READING, JAN 2 - FEB 28

Adults, Teens, and Independent Readers (grades 2-5) only have to read two books and choose two other activities, which include reading additional books, listening to a CD, watching a DVD, playing a video game, reading a magazine, or attending a program. Young Readers (birth-grade 1) have to have 16 books read to them (or read 16 books if they're able). As usual we'll have sign-up and finishing prizes, plus a chance for finishers to win one of the grand prizes for each age group. Second chance reading logs will be available again and finishers will be entered for another chance at the grand prize.

To kick off winter reading we will have Culture Shock Chicago on January 15 for kids (and the young at heart) and to close out we will have an adults only dance party featuring The StingRays on February 23 (see details below).

What are these weapons? What have they already done? What types of defense can we rely on? What role should our "free press" fulfill in this conflict? What responsibilities do citizens have so they can be informed rather than have their perspectives hacked? Please join Professor Gary Midkiff for a lively 90-minute examination of the social media battlefield.
