## I am a Library Lover

My name is Andi Bedell. I have lived in Cary since 1989 and have used the Library since I moved to town. It was a great resource for me as a Prechool Special Education teacher. I could supplement all my units with kid appropriate level books that my school library may not have had. I distinctly remember a mom telling me her son was so afraid to get a haircut, and I asked the librarian, and sure enough, through the interlibrary loan system, she found an appropriate book. We acted it out at school, and he became more than tolerant of the barber. Thanks to a library book.

In fall of 2012, I retired and one day I got the Library pamphlet in my mailbox. It was filled with an array of classes, crafts, cooking demos, etc. I registered for quite a few of them. Every teacher was so creative, patient, and passionate about their project/hobby. The topics that CAPL brings in are so diverse and I haven't even tapped into half of the offerings.

And then came COVID. That did not stop the Library. They had Zoom classes and most were on demand the next day so you could review, check details, or do a craft with supplies they provided. Amazing!

I also love the Take and Make kits. I have had such a great time doing the crafts with my first grade granddaughter, Peyton. She is so proud of her work and has learned weaving, origami, completed countless science experiments, and now we have a worm farm.

“  
There is something for everyone!  
Andi

But, I really wasn't aware of ALL that is available. I got a new cell phone and couldn't figure out much. A friend recommended the Library's Book an Expert service and staff spent a good amount of time teaching me. It was amazing.

I so look forward to their periodic flyer and see all the new adventures that are available to me. There are so many resources and gems other than shelves of books there. You are really missing out on your well-spent tax dollars if you don't get over to the Cary Area Library!

Andi with her granddaughter, Peyton, and many of the CAPL projects they have completed.

I am just thrilled about how many projects I have been able to engage in with my grandchildren.

**SAVE THE DATE** Fall Used Book Sale, October 15-17

## BOOK & AV DONATIONS

We accept gently used book and audio-visual donations. Material that isn't added to the Library's circulating collection is saved for the Friends of the Cary Area Library (FOCAL) bi-annual book sales. Items that are not sold are donated to local area charities or are recycled, so nothing is wasted. Your donation is tax-deductible and we have forms available upon request at the time of your donation. Please note, we do not accept encyclopedias and reference sets, magazines, yearbooks, textbooks over 5 years old, VHS and cassette tapes.

*Welcoming all to connect and explore— checkout the possibilities!*
